HIBERNAL IMPATIENCE.

O laggard year, that lasts so long, When will thy leaden pinions rise, And thou break into heaving skies, And be a disemprisoned song? O burst into the heaving spring !

And roll away these cold dark days; Inspire Eolan notes of praise, That long to thaw a frozen wing. Thou too art part of nature's truth, And in thy mystery thou art good Yet, roll from over field and flood And bring us spring's eternal youth,

We long for April's sweet sublime, When earth recalls the bowers of Eve, And angels in the night shall weave The damtiest fliagree of time.

HOYLETON BREAD.—Five cups Indian the changes in the snape of its neucleus meal, seven cups wheat flour, two cups which gradually formed itself into an interest of this section—that is, three sippi the planter who raised his own five miles away.
